IN REPLY REFER TO

HDA-CA

Document # 47385

Mr. Will Kempton, Director  
California Department of Transportation  
1120 N Street  
Sacramento, California 95814

Attention: Rachel Falsetti, Transportation Programming, MS-82

Dear Mr. Kempton:

SUBJECT: FY 2004/05 FSTIP Amendment No. 3 – Council of Fresno County Governments  
(COFCG) 2004/05 – 2006/07 FTIP

The Federal Highway Administration (FHWA) and the Federal Transit Administration (FTA) have completed our review of Amendment No. 3 to the COFCG's 2004/05-2006/07 Federal Transportation Improvement Program (FTIP) that was submitted by your letter dated May 11, 2005. COFCG adopted this amendment with Resolution No. 2005-08 on April 28, 2005, approving these program modifications and reaffirming the conformity of the COFCG FTIP with the applicable State Implementation Plan (SIP) for air quality.

This amendment was requested by the California Department of Transportation (Caltrans) to adjust funding for the Highway Bridge Replacement and Rehabilitation (HBRR) Program consistent with updated information, and for a scope change to a project with Congestion Mitigation and Air Quality (CMAQ) program funds.

We accept this amendment in accordance with the provisions of 23 CFR Part 450. We find that this amendment was developed through a continuing, cooperative, and comprehensive transportation planning process carried out in accordance with the provisions of 23 U.S.C. section 134, and section 8 of the Federal Transit Act (49 U.S.C. app. §1607). Based on our review, we find that changes made to the COFCG FTIP by this amendment do not require new emissions modeling because they include projects determined to be the types listed in 40 CFR 93.126 & 127 as being exempt from any regional emissions analysis. Therefore, we find this FTIP to conform to the applicable State Implementation Plan (SIP). Approval of this amendment does not constitute an eligibility determination for the project from this amendment that is funded from the CMAQ program.

This finding has been coordinated with the regional office of the Environmental Protection Agency (EPA) and Region IX office of the Federal Transit Administration (FTA) in accordance

with the procedures outlined on the Memorandum of Understanding between the Federal Highway Administration, California Division, and the Federal Transit Administration, Region IX dated July 15, 2004, on Roles and Responsibilities for Single Mode Amendments.

This letter also constitutes approval and inclusion of the COFCG's FTIP Amendment No. 3 into California's 2004/05 – 2006/07 Federal Statewide Transportation Improvement Program (FSTIP).

If you have any questions or need further information, please contact Mr. Leigh Levine of the Federal Highway Administration, California Division office at (916) 498-5034, or Mr. Paul Page of the Federal Transit Administration at (415) 744-2734.

Sincerely,

*/s/ Leslie T. Rogers*

Leslie T. Rogers  
Regional Administrator  
Federal Transit Administration
